

ONE FAITH. ONE COMMUNITY. ONE FUTURE.
Capital Campaign Update

Introducing our new campaign thermometer

At our Campaign Kickoff on February 1, we unveiled a campaign thermometer as a visual reminder of our journey together in faith and stewardship. Initially, the design included two thermometers, side-by-side. One illustrated our parish resources, including the savings of our community and the blessings received from the sale of the former St. David property, totaling approximately \$2.5 million; and another dedicated to our Capital Campaign, with the goal of \$5 million.

Many of you shared your thoughts, expressing a desire for a simpler graphic representation of our progress. We heard you, and we are delighted to introduce our new single-column thermometer. The \$2.5 million in parish resources forms the strong foundation upon which we now build, and every gift and pledge to our capital campaign brings us closer to our ultimate goal of \$7.5 million, testament to the generosity and faithfulness of our parish families.

Each week, as the thermometer is updated, let it serve as a symbol of our collective effort, sacrifice and hope for the future of Holy Family Catholic Church. May we rejoice in every step forward, uplifted by the knowledge that, united as one community in Christ, our generosity is shaping a future filled with promise and grace.

Campaign raised \$2,868,941
Total funds raised \$5,368,941
