Dear Parishioners of Holy Family Parish,

As we continue moving forward together in faith and gratitude, I am excited to share a special opportunity that will help preserve this important moment in the life of our parish for generations to come.

This summer, we will be creating a **Holy Family Parish Pictorial Directory** in partnership with Universal Directories. Professional photography sessions will be available during mid and late summer, with more details and sign-up information coming soon.

This directory is more than simply a collection of photos—it will serve as a **lasting record of our parish family at this historic time**, as we prepare to build our new church. Because this will be our **first pictorial directory as Holy Family Parish**, it is also a wonderful opportunity for us to better know and recognize one another, and to celebrate the parish family we are becoming.

In recognition of this moment in the life of our parish, a copy of this directory will be placed in the time capsule of the new church, as a gift to future generations who will one day look back and see the families who helped bring this vision to life.

We especially hope that all families who participated in the capital campaign will take part, as this directory will help tell the story of the **founding families of Holy Family Parish**. At the same time, this invitation extends to every member of our parish community, because each household plays an important role in who we are.

I encourage you to participate in this meaningful opportunity—not only for your own family, but as a witness of faith for those who will come after us.

Thank you for all that you continue to do to strengthen and build up our parish.

In Christ,

Fr. Blessing
